Your vote in the 2022 Governor's race in **New Mexico** *DOES* make a difference!

- This is NOT a partisan issue. Don't let MLG and her team ruin NM.
- She is ranked ***the worst governor*** in the U.S.
- Many NM elections are won by a small margin.
- Election fraud can't prevail if a majority votes with a unified voice.

The NM general election is Tuesday, November 8.
